## INTRODUCING SPECTRUM U

**WITH THE SPECTRUM U APP, YOU CAN WATCH HBO, PAC-12 SPORTS, AND MORE CONTENT ON YOUR FAVORITE PERSONAL DEVICES FOR FREE.**

Students can now stream their favorite shows and on-demand content from Spectrum anytime, right from their devices when they download the SpectrumU app. Here's a direct link to the SpectrumU site:

### WITH THIS NEW APP STUDENTS CAN:

- **Watch TV anytime** through their personal mobile devices (iOS® and Android™), tablets, laptops, desktops and Roku® devices.
- **Access a robust channel lineup** with local entertainment, sports programming and more while on campus and in off-campus housing. *Channel lineup will be more limited at other locations.*
- **Watch more than 7,000 hours** of on-demand content, including previous episodes, full series, popular movies, and more.
- **Find content fast** with advanced search, filter and favorites functionality.

### GETTING STARTED IS EASY.

- **Students can visit the Apple App Store®, Google Play® or Amazon Appstore to download SpectrumU®** (TIP: To avoid finding the separate SpectrumTV app, you should search for "SpectrumU," not just "Spectrum")
- **To access via Roku® devices**, select Spectrum TV from the Roku Channel Store. Here is a CLU video on connecting gaming consoles:
