

Anti-Virus Software Updates

Last Modified on 02/02/2021 3:04 pm PST

- Be sure anti-virus and anti-spyware software is installed on your computer. Click on [Anti-Virus](#) to download the software free of charge.
 - Continually check for software updates to ensure the best protection.
 - As a service for students, ISS can purge your computer of both viruses and spyware for a fee of \$25 that is charged to your student account. To use this service, you will need to pay for the items using your credit card at <https://commerce.cashnet.com/cluiss>. Please bring your laptop with its power supply, or your desktop tower, to the Circulation Desk at the Pearson Library and present your proof of payment at the time of receipt of goods or service.
