- c. Click on "Get Downloads" and then select "Download" next to your operating system.

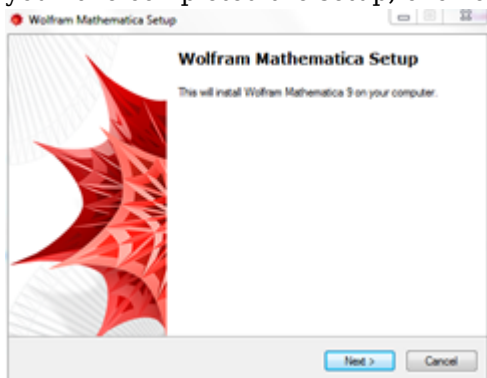

The screenshot shows a "Downloads" section with two tabs: "Current Version" (selected) and "Previous Versions". There is a link for "Installation instructions". Below is a table with three columns: Product Name, Version, and Platforms. Each row has a "Download" button.

Product Name	Version	Platforms	
Mathematica	9.0.1	Linux	Download
Mathematica	9.0.1	Macintosh	Download
Mathematica	9.0.1	Windows	Download

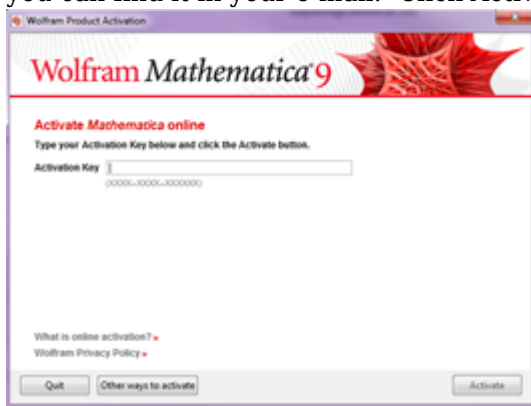

- d. Click on Start Download to begin the downloading process

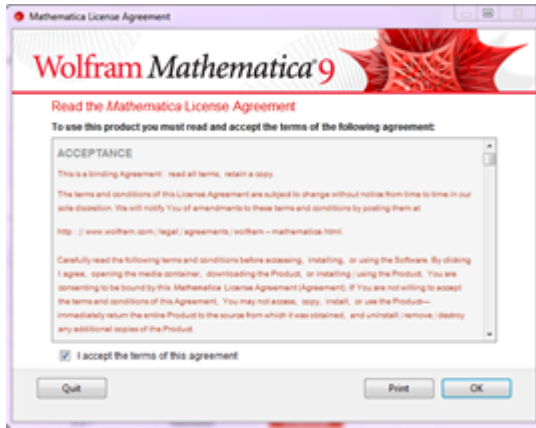

3. You should see the Mathematica Setup screen pop-up. Follow the prompts for each screen. Once you have completed the setup, click on the Finish button.

4. Search for the Mathematica program and run it. You will be asked for the Activation Key, which you can find it in your e-mail. Click Activate to proceed.

5. Check off the box to accept the terms of the agreement and click Ok

6. You may now run the Mathematica program for use. For additional information about Mathematica please contact the Help Desk at (805) 493-3698 or log on to Wolfram site at <http://www.wolfram.com/support/>.
