

Digital Media Players (Apple T.V, Blu-Ray, Roku, etc)

Last Modified on 08/28/2019 3:57 pm PDT

Wireless devices such as Apple TV, Amazon Fire TV Stick, etc... are allowed on the CLU Network. These devices must be registered on the network prior to use.

All digital media players need to be registered on the Cal Lutheran network. You can register your device at www.callutheran.edu/console. You will need your MAC address in order to register your device. If you do not know where to find your MAC address, please click on this link [locating your MAC address](#).
