University

Click the "Options" button

Enter your Password

Select "Custom" and hit the right arrow key on the navigation keypad

With "Custom" selected, hit the right arrow key again

Select forward calls "Always". Enter your 10 digit cell number under "Always destination". Press the center button on the navigation keypad.

Remember to use the "State" button to return to another mode when you're on campus. Use the "Custom" state to fvd to your cell.
