

Installing Office 365 on your Home Computer – Mac

Last Modified on 10/21/2022 3:06 pm PDT

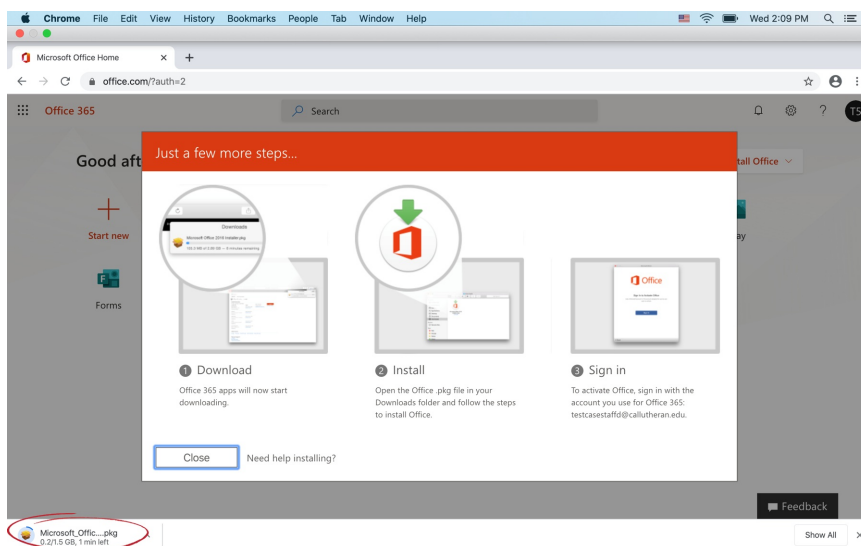

Office 365 is available to enrolled students as well as employees of Cal Lutheran

Visit <https://portal.office.com> and sign in with your MyCLU email address

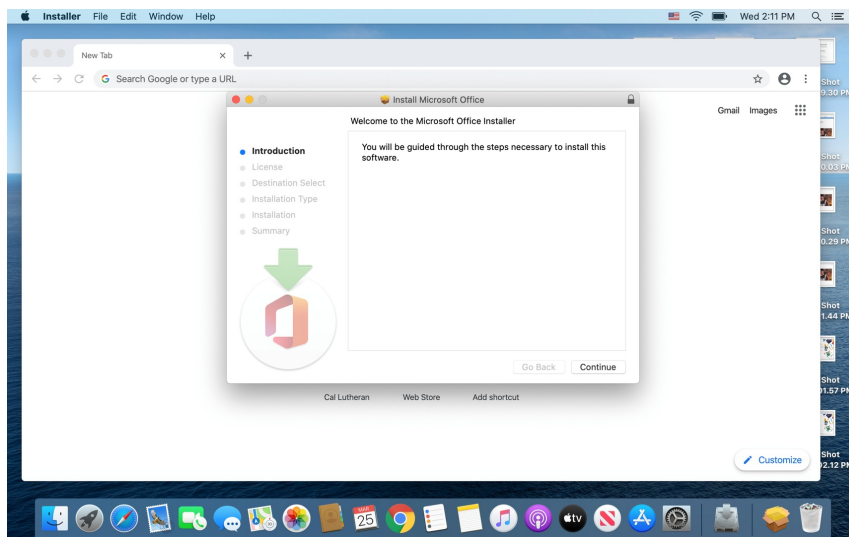

From the dropdown under Install, select Office 365

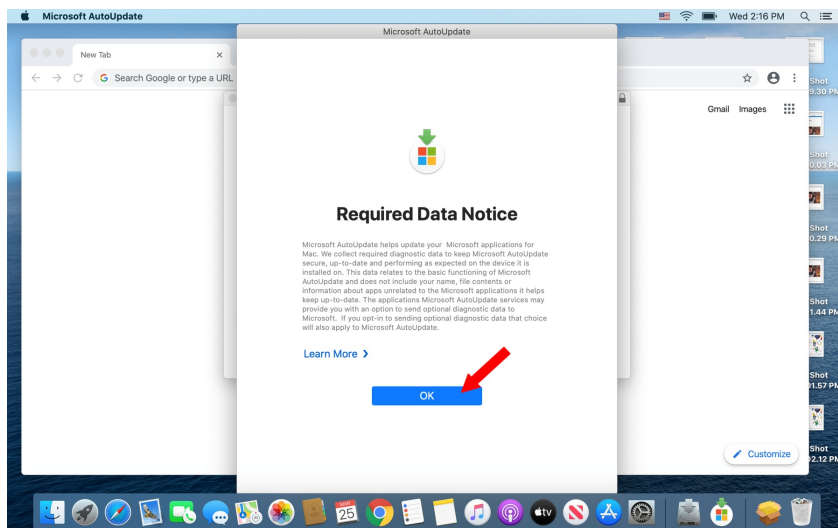

The Mac download file is downloaded to your download folder, or you can click the file directly from your browser to begin installation.

Follow the installer instructions.

You may receive a Required Data Notice. This allows Microsoft to collect data. To opt-out, click on Learn More

You will receive notification that your installation was successful.
