### **Clear Your Browser Cache**

Last Modified on 04/22/2024 9:50 am PDT

Click on the plus button next to your browser for instructions on clearing your cache.

For more information visit refreshyourcache.com.

# What is the cache?

The browser cache is a temporary storage area on your computer which holds parts of recently visited webpages. When you revisit that webpage, the cache is loaded first to speed up your browsing experience and reduce network traffic.
