

# Connect to WiFi

Last Modified on 08/10/2025 11:06 am PDT

## Unable to Connect to WiFi?

### Step 1: Connect to the CLU Network

Open your device's Wi-Fi settings and select CLU from the list of available networks, then connect.

- **Windows/macOS:** Click the Wi-Fi icon in the taskbar/menu bar → choose CLU → *Connect*.
- **iOS/Android:** Settings → Wi-Fi → tap CLU to join.

Tip: Seeing "No Internet" after connecting is normal until you complete the login in the next steps.

### Step 2: Open Your Browser

Launch your preferred web browser (Chrome, Firefox, Safari, Edge, etc.).

### Step 3: Go to the Login Page

In the address bar, type:

wireless.callutheran.edu

Press **Enter** and you'll be redirected to the wireless login page.

### Step 4: Sign In

Enter your university **Username** and **Password**.

Check the box for the *Acceptable Use Policy*, then click **Sign In**.

California Lutheran  
UNIVERSITY

## Welcome to the CLU Network

To access network resources,  
please sign in.

If you don't have a network login  
account, you can [guest access](#).

## Sign In

**Network Username**

**Password**

☐ I accept the [Acceptable Use Policy](#)

Or [Click Here](#) to resend your guest account  
password.

## Step 5: You're Connected

If you followed the steps correctly, your device should now be connected to Wi-Fi. If not, try the troubleshooting tips below or contact support.

## Troubleshooting

- Restart your device and try again.
- Forget the CLU network, then reconnect.
- Ensure you're using your correct campus credentials.
- Try another browser if the login page doesn't appear.
